

## TVG VOLUME GRABS

**An extremely robust, torsionally rigid volume grab.** The TVG volume grab for cargo and recycling cranes is equipped with a powerful hydraulic cylinder that delivers exceptionally high gripping force. Its body matches the bucket width, providing superior torsional rigidity.

### Key features

- Reversible cutting edges made of Hardox<sup>®</sup>
- Extra torsionally rigid thanks to the wide body
- Welded lifting shackles
- Check valve as standard
- Very powerful cylinder with double piston rod seals for high pressure

## ACCESSORISE YOUR GRAB

*Intermercato manufacture more than just grabs - Explore our range of products at [www.approvedhydraulics.co.uk](http://www.approvedhydraulics.co.uk), or contact our highly skilled sales team.*

### Crane scale

Intermercato is world leading in weighing of hanging load. Our crane scales are based on intelligent technology - an advanced algorithm calculates the weight. It's the only RTT&E certified and legal for trade system in the world for hanging load in motion. Your success starts with Intermecato Intelligent Weighing Systems!

### Rotator and other accessories

Accessorise your TVG with rotator and link. We can also deliver all our grabs and clamshell buckets complete with hose kit!
